Login instructions for L1-L3 students and APPs

The purpose of these instructions is to explain to L1-L3 students and APPs how to access their eBooks on the online reader (ebooks.wsetglobal.com) and on the Android and iOS apps. First time users need to register an account online and add their eBooks to their account.

Online eBook Reader

Step 1 - Getting your access codes for the eBooks

After registration, students receive their eBook access codes from their APP. If you are taking a L2 or L3 course, you will receive two access codes, one for the textbook and one for the workbook (L2) or study guide (L3).

Step 2 – Online reader: creating an account

Once you have your access codes, please go to <https://ebooks.wsetglobal.com/>, and click the **Access Code** tab. Then enter one of your access codes and click **Send**.

The 'Access Code' tab is highlighted with a red rectangular box. Below the tabs, the text 'Redeem Access Code' is displayed. Underneath, there is a light blue input field with the placeholder text 'Enter Access Code' and a 'Send' button below it.

You will then be prompted to enter your details and create a username and a password (between 8-16 characters). You are required to accept the *Privacy Policy* and *Terms of Service* before submitting your details.

The screenshot shows the 'Sign Up' interface. At the top left is the WSET logo. Below it is the text 'Sign Up' and a phone number '9723261766036446'. There are four input fields: 'Full Name', 'Email Id', 'Password', and 'Confirm Password'. Below the input fields are two buttons: 'CANCEL' and 'SUBMIT'. At the bottom, there is a checkbox with the text 'I have read and accept the [Privacy Policy](#) and [Terms of Service](#)'.

Step 3 - Adding your first eBook to your account

After submitting your details, you will be taken to your bookshelf where you should be able to see the eBook associated with the access code you entered in step 2. Click on the eBook to open it.

Also, submitting your details will automatically create an account for you, and you will receive a welcome email from WSET eBooks with the username and password that you set up in step 2.

After setting up your account, you will access the site using the Sign In tab, and without the need for an access code.
